UK Umbraco
Foundation

The Umbraco UK Foundation is an independent non-profit CIC (Community Interest Company) with the sole focus of supporting the Umbraco community throughout the UK.

For the past 2 years we have held our hybrid "Umbraco Together" event. In 2023 we really want to scale up our activities to include wider support for meetup groups, hackathons, and much more.

We're excited to be bringing the Umbraco UK Festival back to London *(for the first time in 4 years)* on **November 2nd & 3rd**! Our goal is to host the UK's biggest Umbraco conference ever; with 350+ attendees, 2 tracks of world-class speakers, networking, entertainment, plus an extra day of hands-on workshops & hackathons!

To achieve all of this we rely on the generous support of our partners.
